DELTA DENTAL® | amplifon Hearing Health Care

Amplifon Hearing Program

About 40 million Americans are experiencing hearing loss.** Because hearing loss impacts so many, Delta Dental of Virginia is teaming up with Amplifon Hearing Health Care to offer our members quality hearing care and special savings.

WHAT CAUSES HEARING CHANGES?

Hearing changes can be caused by obstructions or damage to the inner ear. Common causes of permanent hearing damage include exposure to noise, aging, injury, some health conditions and certain medications.

WHEN SHOULD I GET MY HEARING CHECKED?

It is recommended that members have their hearing screened every three to five years, or annually after age 50. Members should also have their hearing screened if they experience any of the following:

- Consistent exposure to loud noises,
- Difficulty understanding others in noisy environments,
- Feeling as though people are not speaking clearly or are mumbling, or a
- Consistent ringing in the ears.
