

Patient History: New feature on dentist portal

We're continuing to enhance our portal to make it easier for your office to access the information you need — right when you need it.

NEW PATIENT HISTORY TAB

A new Patient History tab is now available in the Delta Dental of Virginia dentist portal. With this new feature, you can:

- View member-specific procedure codes that have been processed and paid.
- Easily filter results by date range, procedure code, tooth number and more!

HOW TO ACCESS PATIENT HISTORY

Log in to the dentist portal at [DeltaDentalVA.com](https://www.DeltaDentalVA.com)

- 1 Use Find a Patient to pull up a member's benefits
- 2 Select the new Patient History tab to view claim history details

Thank you for being part of the Delta Dental network. We'll continue to invest in tools that support your practice.

If you have questions or to schedule a demo, email ProfessionalRelations@deltadentalva.com.
