Claims

After you visit your dentist, you can view recent claims on your member dashboard. For detailed claims information, click the "Claims" tab. From the Claims tab, you can search claims by the date of service to view how much you may owe.

Cost Estimator

The Cost Estimator can help prepare for dental expenses by providing an estimate for common procedures such as cleanings, fillings

or crowns. However, keep in mind, it does not indicate whether a procedure is covered under your plan, what Delta Dental may pay, or if deductibles or maximums have been met. To get specific costs for a procedure, ask your dentist to submit a predetermination of benefits to Delta Dental for any procedures that may cost more than \$250.

Find a Dentist

Click "Members" at the top of the screen and then click "Find a Dentist" to search for a Delta Dental participating dentist near you. You can also view recently-visited dentists on your member dashboard.

Forms

Visit the Forms tab to download important forms, such as a claim form, the registration form for *Healthy Smile, Healthy You*® or to download a form to nominate a dentist to participate in our networks.

Live chat

Chat online with a customer service representative.

No login is needed to find a dentist near you, or to access other, valuable oral health information such as forms and brochures. These are all available to help keep you and your family healthy and smiling.
