

# DeltaVision — 150 Plus with EasyOptions

---

## CUSTOMIZED FOR YOU

Everyone's eyes are different, and your vision benefits should meet your unique needs. With that in mind, DeltaVision has partnered with VSP® Vision Care to offer VSP EasyOptions — an added benefit that makes custom eye care coverage easy and affordable.

## RANGE OF UPGRADES

Everyone on the DeltaVision plan receives the comprehensive vision coverage you expect, such as covered eye exams, glasses and up to 40% savings on lens upgrades. But with VSP EasyOptions, you also have the option to choose one of a variety of covered upgrades.

Better yet, you won't be locked into choosing a benefit during your open enrollment period. You will have the opportunity to choose the benefit that's best for you at the time of your eye care visit.

VSP EasyOptions is included as part of your DeltaVision — 150 Plus with EasyOptions vision plan. So this added benefit is already available to you!

## MORE CHOICE, NO GUESSWORK!

You and your dependents have the option to choose your own upgrade at the time of service as long as you visit an in-network eye care provider.

## HERE'S HOW IT WORKS

- Create an account at [vsp.com](https://vsp.com).
- Schedule a WellVision Exam® with a VSP network eye doctor.
- Then, simply choose the upgrade you prefer at your next vision appointment.

## AVAILABLE UPGRADES

You may choose one of the following upgrades:

- \$250 frame allowance
- Anti-glare coating
- Progressive lenses
- Light-reactive lenses

Or, instead of prescription glasses, you may use your upgrade to receive a \$200 contact lens allowance.

Make the most of your vision benefits using these flexible, personalized options available with your plan.
