

YOUR DELTA DENTAL NETWORK

Delta Dental EPO — CI

The Delta Dental EPO™ plan uses our Delta Dental PPO™ network exclusively. One of the benefits of this plan is that members who see a PPO network dentist only pay their deductible and any applicable coinsurance for covered benefits.

To make the most of your dental plan benefits, create an account at **DeltaDentalVA.com/members** to view your specific plan details, find an in-network dentist and more!

PLAN HIGHLIGHTS

- You have a growing network of credentialed Delta Dental PPO dentists to choose from. It is important to note that you must see a dentist who participates in the Delta Dental PPO network in order to receive benefits.
- The Delta Dental EPO plan makes care simple. Your dentist will file the claim for you and Delta Dental of Virginia will pay the dentist directly. That means you don't have to pay up front and then wait for reimbursement.
- If you are more than 35 miles from a Delta Dental PPO network dentist, emergency services are still covered under this plan. Services provided are limited to \$50 per benefit period and are to alleviate severe pain, swelling, bleeding or to avoid serious jeopardy to your health.
