Delta Dental EPO™

Delta Dental EPO is a fixed copay-style plan that uses our PPO network exclusively. One of the benefits of a copay-style plan is that members will know their cost before they see the dentist.

Plan highlights

- Includes dozens of “no cost” procedures, making it easy on you when you need dental care.
- The Delta Dental EPO plan makes accessing care simple. You will not need to select a primary provider, nor will you need a referral to see a specialist.
- You’ll have an abundance of choice thanks to a growing network of thoroughly-credentialed PPO dentists.
- Best of all, you’ll know your cost before you see your dentist — so there are no surprises.
