Our vision plans are designed to exceed your clients' expectations by delivering the best value, choices and service.

DELTAVISION — 130

DeltaVision — 130 offers affordable WellVision Exam® and prescription glasses copays, as well as a healthy \$130 frame or contact lens allowance. Combine that with special offers only available through VSP®, and you have a vision plan your clients will be pleased with. The DeltaVision — 130 plan has a 12/12/24 (exams/lens/frame) structure.

DELTAVISION — 150

DeltaVision — 150 offers the same great benefits of DeltaVision — 130, but with a \$150 frame or contact lens allowance. Maybe you have a group that likes the plan design of the 130 but wants a higher allowance. This is the plan for them: a great plan at an excellent price. The DeltaVision — 150 plan has a 12/12/24 (exams/lens/frame) structure.

DELTAVISION — 150 PLUS

DeltaVision — 150 Plus is the next step up. A decreased prescription glasses copay and a more frequent frame replacement allowance are the signature differences in this plan, allowing your groups' employees to get the benefits they want cheaper and sooner. The DeltaVision — 150 Plus plan has a 12/12/12 (exams/lens/frame) structure.

DELTAVISION — 150 PLUS WITH EASYOPTIONS

DeltaVision — 150 Plus with EasyOptions is our most robust plan, offering all the benefits of the 150 Plus but with an exciting addition — VSP EasyOptions. VSP EasyOptions is a customization feature that gives members the option to choose one of five upgrades at the time of service. See more details in the pages of this kit. DeltaVision — 150 Plus with EasyOptions has a 12/12/12 (exams/lens/frame) structure.

We're also excited to offer optional benefits such as VSP LightCare™ and KidsCare, which can be added to any of these plan designs.

KIDSCARE

KidsCare meets the eye care and eyewear demands of your clients' growing children by providing two eye exams plus one additional pair of covered lenses with a minimum .50 diopter prescription change each year.

The rapid physical development of children in just one year can cause them to outgrow their glasses or experience changing vision needs. Which is why parents appreciate the financial security of having their children's eye care needs met more frequently,

potentially saving hundreds of dollars, especially when children are prone to losing or breaking their glasses.

- 80% of what children learn is through their eyes.*
- Up to 75% of school screenings may miss eye problems**

VSP LIGHTCARE

Many eye diseases start with minor symptoms, but yearly exams may help prevent vision issues. Ultraviolet and blue light may contribute to vision problems.

- More than four million Americans old than 40 have some form of vision impairment.***
- Over time, the sun's rays may damage corneas and cause eye-related diseases such as cataracts. 100% UVA and UVB protection is the best choice for sunglasses.†
- Research has linked blue light to digital eye strain in as little as two hours of screen time. People who spend more than two hours a day on a digital device are at higher risk for Computer Vision Syndrome (CVS).††

VSP LightCare™ encourages members to visit an eye care provider for an annual eye exam. Members who do not need prescription glasses or contacts can also use their frame allowance for nonprescription sunglasses or blue light filtering glasses.

Vision underwriting guidelines and plan provisions

UNDERWRITING GUIDELINES

1. Coverage is offered on an employer-sponsored basis only. An employer/employee relationship must exist; individuals who are not employees are not eligible for coverage. If the primary subscriber enrollment is fewer than five, dependents/spouse of the primary subscriber may not enroll in a separate contract to increase the group size. For example, an individual and spouse may not enroll as two separate “subscriber” contracts, or as “subscriber/child(ren)” contracts, even if both are employees. Association groups require Underwriting approval.
2. Virginia-based businesses enrolling 2-99 employees who are engaged in bona fide trade or commerce in the commonwealth are eligible. However, the following organizations are not eligible for coverage: fraternal organizations, sales groups, independent contractors and membership groups. A North American Industry Classification System (NAICS) number is required for rating purposes for all vision products.
3. All Voluntary groups of up to 300 eligible employees are rated together in a product pool. Groups with more than 300 eligible employees require Underwriting approval.
4. All plans utilize a five-tier rating structure consisting of subscriber, subscriber/spouse, subscriber/child(ren) and family. No other rating structures are available.
5. For rate guarantee, please refer to the rate page included in your quote documents. Underwriting Guidelines include, but are not limited to, minimum enrollment and employee participation levels. Coverage begins the first day of the month after the contract is issued. Please submit the group’s data at least 15 days prior to the desired start date.
6. The eligibility waiting period for newly hired employees will be the first day of the

month following 90 days from the date of hire. Coverage ends on the last day of the month that the member ceases to be eligible under the group dental plan. If a group’s existing medical plan benefits have a different eligibility requirement, then Stryden, Inc. will match it for this coverage (for example: first day of the month following the date of hire).

7. Employees and their dependents NOT included in the initial enrollment may be eligible for coverage on the first day of the month following a qualifying event such as marriage or divorce, death of a spouse, birth of a child, legal adoption or loss of other group coverage. Otherwise, they may enroll only at the group’s annual open enrollment period.

8. If an employee covered under one of the Voluntary plans drops coverage, he/she is not eligible to re-enroll until the second group open enrollment period after the date of termination. In addition, if the employee cancels after less than one year of enrollment, he/she must remit the balance of the first year’s premium before re-enrolling.

9. Group acceptance is not guaranteed. Approval of coverage is contingent upon Underwriting acceptance and verification of employee participation.

10. DeltaVision must be the only employer-sponsored group vision plan offered to the group’s employees.

11. Children are eligible for coverage until the end of the month following their 26th birthday under subscriber/child(ren) or family plans.

12. Premiums are based on the number of employees enrolled. For example, a group of 52 eligible employees that only enrolls 39 employees will be rated in the 10-49 pool.

13. Groups enrolling 10-99 employees may elect a High/Low Benefit Plan at standard pool rates subject to the following conditions: (1) The Low Plan is either DeltaVision — 130 or DeltaVision — 150. (2) The High Plan is DeltaVision —

150 Plus or DeltaVision — 150 Plus with EasyOptions, and (3) A minimum of 25% of those enrolling elect the High Plan; or we will allow two enrollees for a group of 10. Copays, allowances and frequencies may vary from the Low Plan to the High Plan. The combined participation level and employer contribution level must still meet stated requirements for this product. All employees must elect a plan at their initial enrollment and may only change plans during the group’s annual open enrollment period (unless a qualifying event has occurred).

*And voluntary groups under 300.
