

# Laser Vision Program

The VSP® Laser VisionCare™ Program provides a safe path to better vision. In addition to fully-covered visits to an in-network eye doctor before and after the procedure, you will receive discounted pricing\* when you visit an in-network laser vision center.

## USING YOUR BENEFIT IS EASY

- Visit **vsp.com** to learn what to expect during your procedure, find an in-network eye doctor and confirm your eligibility.
- Make an appointment with an in-network laser vision doctor to schedule your screening. If you are a candidate for laser surgery, your doctor will provide pre-operative care, coordinate your procedure with an in-network laser vision center and co-manage your treatment plan.\*\*
- After your procedure, return to your in-network laser vision doctor for post-operative care and ongoing management.

\*The VSP Laser VisionCare Program is a discount plan only. Discounts only apply to services received from a VSP participating laser center. No monetary benefits are payable to members under this program. \*\*The laser vision screening and consultation with your VSP eye doctor are complimentary, if you have a pre-operative exam and don't proceed to the procedure, your VSP provider may charge an exam fee of \$100. This coverage is supplementary to your vision plan. When your VSP network doctor participates in your medical insurance plan's network, your medical insurance will be billed. You may be able to coordinate your VSP benefits to help reduce out-of-pocket costs. If your VSP network doctor doesn't participate with your medical insurance plan, VSP has you covered with only the cost of your copay (\*\$20 standard copay for medical exams). Other covered services are covered-in-full, including retinal screening for members with diabetes. Delta Dental and DeltaVision are registered marks of Delta Dental Plans Association.
