

YOUR DELTA DENTAL NETWORK

Delta Dental PPO — Active

With a Delta Dental PPO — Active plan, you may visit any dentist. However, your out-of-pocket costs likely will be lower if you see a Delta Dental PPO™ dentist. “Active” means there is a difference between the percentage Delta Dental pays when you visit a PPO dentist and the percentage we pay when you visit a Delta Dental Premier® or out-of-network dentist. Delta Dental will pay a higher percentage of the costs when you visit a Delta Dental PPO dentist. To make the most of your dental plan benefits, create an account at DeltaDentalVA.com/members to view your specific plan details, find an in-network dentist and more!

PLAN HIGHLIGHTS

- More than half of all dentists participate nationally in the Delta Dental PPO network.* You can see any dentist. However, Delta Dental reimburses all dentists, regardless of network status, at the PPO level. To get the most value for your benefits, we encourage you to visit a PPO dentist.
- Both Delta Dental PPO and Delta Dental Premier dentists agree to discount their fees and submit claims on your behalf. With the PPO plan, Premier providers can bill you for the difference between the PPO and the Premier allowances.
